

## **YWLM AMD 01/23**

### **1 Purpose**

The purpose of this amendment is to highlight changes to procedures in the current WLM FIHA AD2 SUPP.

### **2 Procedures**

This amendment supersedes Part D, Section 11, Appendix F WLM COMMS CARD – WLM FIHA AD2 SUPP Issue 2212, effective 01 Dec 22.

### **3 Amendment rationale**

Appendix F contains a quick reference communications card including frequency allocations and designators for each SQN and C2 Agency that operate within Williamtown airspace. Many of these frequencies are now promulgated by OP TASK COMMS (released by AFEMSOC via the [Air and Space Operations Centre website](#) on DPN). A new COMMS CARD is provided in this amendment, which removes frequency information contained within OP TASK COMMS.
