Aeronautical Information Bulletin (AIB) 001/2025

Issue date: 07 Apr 25

AIB Dissemination. Recent ENR 1.5 Amendment. International Products. FIHA AD2 SUP. AIB Distribution.

1. AIB Dissemination

1.1 The AIB may at times contain information that is **critical to flight safety**. Unit PUBSOs are required to disseminate the AIB as widely as possible to relevant staff at their unit particularly aircrew, safety/standards teams, and unit execs.

2. Recent ENR 1.5 Amendment

2.1 Users would have noticed significant recent changes to ENR 1.5, in particular para 1.6 Circling Approaches and Visual Circling. Fixed values have been replaced with examples which has created some confusion within the flying community.

2.2 HQAC have been engaged by AIS-AF to provide greater clarity around these changes. Until further guidance is released, AIS-AF recommends pilots adhere to ENR 1.5 Table 1.1 within the Australian FIR as these represent accurate calculations. For operations outside the Australian FIR, users should source the relevant state AIP through the NGAs ASPS system.

3. International Products

3.1 Butterworth International Terminal Procedures (WMKB ITP)

3.2 WMKB ITP dated 22 Dec 23 remains valid WEF 22 Dec 23.

3.3 The Butterworth IFG (produced by the RMAF) is reviewed each calendar month, with updates to the ITP normally promulgated outside the AIRAC cycle. Due to differences in cyclical production with EFB Data Service Providers and Aircraft Nav databases, **AIS-AF strongly recommends all users check the AIS-AF web-portal to determine if there is an updated product and refer to AUS HO NOTAMs for critical amendment advice.**

3.4 **Papua New Guinea MSA/VSA Chart** dated WEF 16 Jun 22 remains valid.
