Aeronautical Information Bulletin (AIB) 006/2024

Issue date: 22 MAY 24

AIB Dissemination. US NGA VVOD Sunset. AIB Distribution.

1. AIB Dissemination

1.1 The AIB may at times contain information that is **critical to flight safety**. Unit PUBSOs are required to disseminate the AIB as widely as possible to relevant staff at their unit particularly aircrew, safety/standards teams, and unit execs.

2. US NGA VVOD Sunset

2.1 NGA are ceasing production of their Vector Vertical Obstruction Database (VVOD) product in July 2024, sooner than previously planned. Users of VVOD need to switch to the Table Formatted Aeronautical Data Set – Obstructions (TFADS-O) which has the same content.

2.2 AIS-AF provides these products directly from NGA with no additions or changes; so we will stop providing VVOD when NGA cease its production.

3. AIB Distribution

3.1 The distribution lists AIS-AF uses to share the AIB relies on users updating AIS-AF to those who may wish to be included on the distribution lists, and those who no longer have a requirement for the AIB. Can those users who no longer wish to receive the AIB, those who have an updated email address for the AIB, or those who know of users who need to be included, email the AIS-AF Ops Group Inbox, ais.af@defence.gov.au.

5. Cancellation

5.1 This AIB remains effective until superseded by the next edition.

6. Distribution

6.1 Widest possible dissemination amongst AI users.
