

## Aeronautical Information Service - Air Force

Aeronautical Information Bulletin (AIB) 002/2026

Issue date: 21 Oct 26

**AIB Dissemination. AIS-AF Production Schedule 2027. Page Duplication Identified in Printed DAP E 189 Amendment Service. Changes to EIPL Procedures in DAFIF 8.1. International Products. FIHA AD2 SUP. AIB Distribution.**

### 1. AIB Dissemination

1.1 The AIB may at times contain information that is **critical to flight safety**. Unit PUBSOs are required to disseminate the AIB as widely as possible to relevant staff at their unit particularly aircrew, safety/standards teams, and unit execs.

### 2. AIS-AF Production Schedule 2027

2.1 The AIS-AF 2027 Production Schedule is now published and available via the [AIS -Air Force - Home](#) SharePoint site and via this [link](#). Members are encouraged to familiarise themselves with the schedule and incorporate relevant dates into their planning activities.

### 3. Page Duplication Identified in Printed DAP E 189 Amendment Service

3.1 Airservices Australia has identified a minor publication error in the printed DAP E 189 Amendment Service for YSWG – Wagga Wagga, effective 26 Nov 26.

3.2 Following the consolidation of AERODROME CHART PAGE 1 (SWGAD01) and PAGE 2 (SWGAD02) into a single page, the APRON CHART (SWGAP01) was moved to the verso of the AERODROME CHART with no correction made to the proceeding Instrument Approach Procedure charts and NOTES page. As a result, when replacing the relevant pages in the DAP E from the distributed amendment service (once received), a duplication of the APRON CHART will become apparent.

3.2.1 There is no difference between the pages or chart identifiers of the apron charts as there were no amendments made to this chart for the DAP 189 cycle. One of the pages can be safely disregarded with no impact to the service provided.

3.3 For enquiries, contact [ais@airservicesaustralia.com](mailto:ais@airservicesaustralia.com)

### 4. Changes to EIPL Procedures in DAFIF 8.1

4.1 Beginning with cycle 2411, NGA began coding procedures in DAFIF 8.1 where the associated graphic for the procedure was available in the Electronic Instrument Procedure Library

(E-IPL). NGA received user feedback requesting a clear distinction between these procedures from the ones where the graphic is in FLIP. NGA added the term “EIPL” in the TRM\_RMK file (DAFIF8\_1/DAFIFT/TRM/TRM\_RMK/REMARKS) to distinguish these procedures.

4.2 Currently, the OPR code in the TRM\_PAR.txt file for these procedures is “DNGA.” Per DAFIF Data Dictionary definition #217, this OPR code is used when a “...PROCEDURE COMES FROM HOST SOURCE, IS NOT REVIEWED BY AN ABOVE OPR, AND IS CODED BY NGA...” NGA has determined the use of DNGA for coded E-IPL procedures is not accurate.

4.3 Currently, Service TERPS organizations (OPRs) are not required to perform a TERPS review on many foreign procedures. NGA follows the same guidance, and any E-IPL in DAFIF is coded directly from AIP data; using the same CNS/ATM-certified process used for FLIP coding; performed by the same credentialed analysts. The OPR code is more accurately “NGA”. NGA will also amend the TRM\_RMK statement to, “CODED HOST NATION PROCEDURE SUPPORTED BY EIPL”. This new remark provides the additional context needed.

4.4 The OPR change from “DNGA” to “NGA” was approved by the Aeronautical Navigation Management Group (ANMG) on 27 Aug 2026. These changes are expected to be implemented for DAFIF 8.1 cycle 2613.

## 5. International Products

### 5.1 Butterworth International Terminal Procedures (WMKB ITP)

5.1.1 WMKB ITP dated 17 Apr 25 remains valid WEF 17 Apr 25. The only change has been the addition of Para 4 on Page 2 as follows:

- a. When a displaced threshold is promulgated by NOTAM, straight-in approaches are authorised to circling minima only.

5.2 The Butterworth IFG (produced by the RMAF) is reviewed each calendar month, with updates to the ITP normally promulgated outside the AIRAC cycle. Due to differences in cyclical production with EFB Data Service Providers and Aircraft Nav databases, **AIS-AF strongly recommends all users check the AIS-AF web-portal to determine if there is an updated product and refer to AUS HO NOTAMs for critical amendment advice.**

5.3 **Papua New Guinea MSA/VSA Chart** dated WEF 19 Mar 26 remains valid

## 6. FIHA AD2 Supplements

6.1 FIHA AD2 Supplements are current WEF:

- a. YAMB: 09 Jul 26
- b. YCIN: 12 Jun 25
- c. YPDN: 03 Sep 26
- d. YMES: 03 Sep 26
- e. YPED: 04 Sep 26
- f. YPLM: 12 Jun 25
- f. YSNW: 03 Sep 26

|    |       |           |                                 |
|----|-------|-----------|---------------------------------|
| g. | YBOK: | 09 Jul 26 |                                 |
| h. | YPEA: | 09 Jul 26 | Amdt 01-26                      |
| i. | YSRI: | 09 Jul 26 |                                 |
| j. | YBSG: | 12 Jun 25 |                                 |
| k. | YPTN: | 09 Jul 26 | Amdt 04-26                      |
| l. | YBTL: | 27 Nov 25 |                                 |
| m. | YWLM: | 27 Nov 25 | Amdt 04-25, 01-26, 02-26, 03-26 |
| n. | YPWR: | 20 Mar 25 |                                 |

6.2 The next FIHA AD2 SUPP cycle is 26 Nov 26 (AIRAC 2612 cycle) **with cut-off occurring one week earlier (unless agreement between AD2 SUP content owner and AIS-AF)**. Users should ensure their particular EFB Application provider has loaded the current FIHA AD2 Supplements. It remains the user's responsibility to ensure they are using current versions and to be aware of any amendments. Current FIHA AD2 Supplements and any Next/Amendments may be viewed at any time on the AIS-AF web-portal.

## 7. AIB Distribution

7.1 The distribution lists AIS-AF uses to share the AIB relies on users updating AIS-AF to those who may wish to be included on the distribution lists, and those who no longer have a requirement for the AIB. Can those users who no longer wish to receive the AIB, those who have an updated email address for the AIB, or those who know of users who need to be included, email the AIS-AF Ops Group Inbox, [ais.af@defence.gov.au](mailto:ais.af@defence.gov.au).

## 8. For further information, please contact:

8.1 AIS-AF Air Liaison Officer  
Duty Mob: +61 412 814 225  
Email: [ais.af@defence.gov.au](mailto:ais.af@defence.gov.au)

## 9. Cancellation

9.1 This AIB remains effective until superseded by the next edition.

## 10. Distribution

10.1 Widest possible dissemination amongst AI users.
